

Introduction to Process Philosophy & Philosophy of Organism by Milo

Discussion for Part 1:

Process philosophy sees the universe as dynamic, as opposed to substance metaphysics. What are the differences?

How is process philosophy opposed to Descartes duality?

What is process philosophy definition of self? Do you agree, why or why not?

Are we expanding or contracting? And to where or what? Is this good or bad in Whitehead's view? Do you agree, why or why not?

Discussion for Part 2:

Terms:

actual entities - _____

prehensions - _____

concrescence - _____

How does time work in this model?

What are eternal objects?

What is the difference between positive and negative prehensions?

What excites you about this philosophy and what makes you nervous?
