

Worship Committee Notes

August 13, 2023

Enno, Jenny, Ann and Linda

In the interest of trimming down the meeting time, we cut straight to the agenda:

Sound system/Recording

Sound quality is definitely improved. Francie commented after hearing it recorded.

Steve was not pleased with the version of working the sound at an outdoor service where his access was inside the building.

We have a new recruit to run the Zoom for services. Nina McCune ran it on August 13th and will work the outdoor service on August 20th.

Sign ups for Lay leadership continue to be a challenge. It was suggested that an obstacle might be walking to the front of the church. Perhaps if it could be delivered from the seats in the congregation we would get more participants. ?

Worship Planning

Blue Grass Service on the 27th? This is an indoor service.

Nature and the elements of nature (forest, land, wilderness, river) and the Season of Creation will be the next focus of church year. This will begin after Labor Day. Jenny suggested a river of fabric as a representation for the week that river (October 1st) is featured.

New Business

Beginning Narrative Lectionary will begin sometime this fall.

www.workingpreacher.org/home-narrative-lectionary

A Job Outline – Opportunities to participate is suggested as a way to involve church attenders in areas that might interest them.

After Service Hospitality will be added to the sign up sheet.
